STAGE DUST

By Afra Bean the Gossip Queen

The next Stage Dust column, we trust, will have the results of the coming VPW hot tub party. The record stands at 11.

ROSIE and EVVIE were last seen cruising the ave in a new hot red sports car. ROSIE was looking for sailors to get tips for STEVE about losing the big "V". We're not sure what part EVVIE played.

TOM KOHLS did not lose any bodily parts last year!
DONNA KAY KOHLS discovered you won't get electrocuted talking on a portable phone while bathing. How are these facts related?

The VPW wedding of the decade is neither BOB+ JANET or TOM+ ANYONE.

Quote of the month, "I know I can't act and I can't make an audience belive I'm acting.... That's what makes me an actor."

If you're watching what you eat you are not eating it.

What do AFRA BEAN and MIKE MCGEE have in common?
