Nine months. In the cosmic flow of time it is virtually nothing. But to those of us whose sense of time is not as broad, nine months can see changes that will last all of our lives. Baby, is the story of just how profound a change nine months can make in the lives of three couples, when those nine months are the months following the conception of a baby. Join us now for the excitement, the worry, the joy, the sorrow, the agony and of course the ecstasy that those nine months can bring.
